LOUISA, LAWRENCE COUNTY, KENTUCKY, APRIL 15, 1921.

M. F. CONLEY and E. K. SPENCER, Publishers

MONEY WILL BE SPENT ON ROAD TO BLAINE TOWN

The Fiscal Court has made an appropriation of \$95,000 to be spent on the road from Louisa to the Morgan and Elliott county lines by way of the town of Blaine. This is from the proceeds of the bond issue.

Proper surveys are to be made to avoid fatal errors in location. Changes in the old road at some places are imperative.

It is presumed that co-operation with the State road department will be sought by the officials. County Judge Billie Riffe is authorized to employ a competent road engineer and in the event no other arrangement is made for a survey this authority will doubtless be exercised.

Other Roads to be Worked.

The court also appropriated \$8500 of funds already on hand to be used in repairing the following roads, work to start just as soon as possible:

Blaine-Louisa road, \$3000.
Blaine-Webbville, \$1000.
Louisa-Webbville, \$1500.
Little Blaine-Charley, \$700.
Louisa-Irad, \$1000.
Adams-Willbur, \$500.
Green Valley-East Fork, \$300.
Mouth of Georges Creek via Charley to Johnson county line, \$500.

The order provides that D. L. Thompson is to appoint foremen for these roads, with the advice and consent of the magistrate in whose district the work is to be done. Also, the order fixes the maximum wages at 50c per hour for foremen, 25c for man and team, 30c for man. Payment in cash the 1st and 15th of each month.

For the Point Road.

\$25,000 is the amount made available for the road from Louisa to the Martin county line, mentioned in this paper last week. This road is on the State map and therefore the department will expend the money.

Citizens to Work Roads.

The court made an order directing men from 18 to 50 years old to work six days in the year on the public roads.

Large Increases Made by County Equalizers

The county board of equalization completed its work last week. 899 persons were given notices of raises in their property values and most of them were here to combat the increases. The total raises and listing retained by the board amount to \$738,666.

Mr. Hay holds a good position at Elk Horn, Ky. and the young couple will reside there. He is a son of H. H. Hay, of Elliott county. Mr. Fyffe moved to Hamilton from upper Blaine about a year ago.

WEST VIRGINIA CITIES WILL RETAIN IDENTITY

The movement for Huntington to annex Ceredo has been killed by the action of the Legislature. Also, it is thought the proposition for Kenova and Ceredo to join hands and become one city is dead.

FEUDIST SURRENDERS; ADHERENTS ARRESTED

Barboursville, Ky.—Surrender of John Bailey, fugitive slayer, and indictment of his father, William Bailey, brother, James Bailey, deputy sheriff George Perry, and partisan, John Lee, were developments in the revival of the White-Bailey feud.

John Bailey, who escaped after killing Beverly White, surrendered while a posse of deputy sheriffs and Bailey forces was continuing its search. He came here with a dozen armed adherents, and agreed to give himself up after Sheriff Black obtained an order to take him to the Harlan county jail. His bodyguard said they would die with their boots on before consenting to his being imprisoned here and exposed to an attack by White followers.

Sheriff Black, five deputies, and a number of Bailey men accompanied the prisoner to Harlan. William Bailey was served with a warrant charging a conspiracy to murder Beverly White. Officers have gone to Harlan to serve warrants on the two other indicted feudists.

REV. CARSON TAYLOR IS IN ALABAMA

There is peace and good cheer in the home of the Rev. Carson Taylor, Louisville.

A telegram received Friday from Roanoke, Ala., is the reason. The peripatetic evangelist announced that he was well and conducting an evangelistic campaign in the Second Baptist Church of that town.

Mr. Taylor said he had learned his absence had caused worry to his family. He said he had written to his wife, but had not received letters she sent to him. Mrs. Taylor also failed to receive her husband's letters.—Louisville Times.

Violence Renewed in Mingo Coal Field

Williamson, W. Va.—N. H. Atwood and James Overstreet, two of twenty-four defendants in the Matewan battle cases, and Charles Whiteman and Arnold Umberger, said to be non-union miners, were arrested at Matewan by State troopers, following a fight at the railroad station. Atwood's threat was cut badly.

The fight was the result of a controversy over the industrial situation in Mingo county. A miners' strike has been in progress in the region since last July.

Reports have also been received that an automobile in which Ray Hope, William Hamilton, and James Perdue were riding from Matewan to Red Jacket had been fired upon by unidentified persons. The occupants escaped injury. Hope and Hamilton were summoned by the State as witnesses in the Matewan battle trial.

Sid Hatfield, who was principal defendant in the trial, has been succeeded by Garret Rengers as chief of police of Matewan. Hatfield's term had expired, but no reason has been learned why the town council failed to reappoint him.

JOHN BURCHETT DIES AFTER SHORT ILLNESS

John Burchett, known as "Big John," died at his home on Blaine last Friday. He was about sixty years of age and was the son of Calvin Burchett and nephew of Robt. Burchett, of this place. COUNTY OFFICERS SALARIES RAISED BY FISCAL COURT

The Lawrence Fiscal Court has increased the salary of the County Judge from \$800 to \$1200 per annum, to become effective next January. The law does not permit a salary increase to apply to an official already in office. This increase is smaller than was generally expected, but should help the situation considerably.

The salary of the County Attorney was increased to \$1000 per year. This will become effective at the same time as the other. The duties of these officials has grown very considerably and with a large road building program ahead of us there will be heavy demands upon their time. While the salary is not large enough to attract men solely for the compensation, there is great opportunity for valuable public service. Well performed, this service will stand as a monument for the official. It is an opportunity worthy of the best efforts of a solid business man. But to the man who does not measure up to the job the office will be a "millstone about his neck."

MOORE-SAMPICH.

It will come as a surprise to many of the friends of Miss Corda F. Moore, of Ashland, to learn of her marriage April 7 to Mr. Wm. Sampich. The ceremony which was intentionally very simple, yet beautiful, took place at the Century parsonage, Brother I. N. Pannin officiating.

Miss Moore was becomingly dressed for the occasion and travel. She will be remembered as a Sandy valley girl and was a very active teacher, having served in that capacity for the past three years in the Oakview schools, Ashland. She has endeared herself to the hearts of all whom she has been associated with.

Mr. Sampich is a young energetic business man of Detroit, where the young couple will make their future home. Their many friends join in wishing them a long, happy and successful life. A FRIEND.

BOARD OF TRADE MEETING.

The regular monthly meeting of the Louisa Board of Trade will be held at city hall Monday evening, April 18, at 7 o'clock. The subject of community policy to be advanced at the coming primaries and election, postponed at the last meeting will be again taken up. Members having suggestions to offer for sanitation and town improvement are urged to present them at this meeting. N. M. ORR, Secretary.

RESOLUTIONS OF RESPECT.

Whereas, in the wisdom of the Supreme Architect of the Universe He has deemed it best to call from labor on earth to peaceful and joyous refreshment in the Grand Lodge above, our beloved brother F. R. Moore, known by all as Uncle Tip, who departed this life Feb. 29, 1921;

Resolved, that we extend to the family our sympathy and commend them in this hour of trouble and sorrow to Him who doth all things well.

Resolved, that a copy of these resolutions be sent to the bereaved family, and a copy to the Big Sandy News.

TO HELP CONVICTS TO ESCAPE MAY BE FELONY

Frankfort, Ky.—The fining of Jacob Hicks in the Fayette Circuit Court for aiding his son, Heber Hicks, a murderer; Chester Phelps, serving ten years for homicide, and Ray Blackburn, defaulting State Board of Charities bookkeeper, to escape from the reformatory, will result, it is said, in the introduction of a bill in the next Legislature making the offense a felony. An escaping prisoner or a prisoner who aids him to escape is liable to six years imprisonment, but it is only a misdemeanor for outsiders to commit the offense.

ROAD CONTRACT BY JUNE FIRST

The State Road department is working as rapidly as possible to get the Mayo Trail through Lawrence county ready for letting by the first of June. Bridge plans must be completed before the work can be advertised. It is very important to close a contract before July 1st, so as to get the federal government committed and bound to the Mayo Trail project with funds already on hand to be placed before that date.

Once committed the government will carry out its part of the entire project. No money has been appropriated by Congress for the fiscal year beginning July 1st, as the proposition was defeated the latter part of February.

Therefore only those projects that get started with the funds now in hand have any assurance of Federal aid.

By letting a contract on the Lawrence county portion of the government program will take care of the counties further up the valley on the same basis, as this is a part of the same project.

Mr. Green Garrett, of the State Road department, is going to Washington to fight the Townsend bill, which proposes to change the plan of Federal aid so that each State would get help on no roads except one running north and south and one east and west through each State. This would take away from Kentucky a great deal of money that she expects to get for several roads under the present law for federal aid.

The Mayo Trail would not be effected if the contracts for this county be let before July 1st, even if the Townsend bill should be passed. But the danger of losing out for the two reasons set forth above is causing the State department to push the work with all possible haste.

If a single apple, peach, plum, pear or any other kind of fruit escaped the hard freezes Sunday and Monday nights it will be so scared that it will never amount to anything.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I am sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists.

STANDS OFF A LOT OF DOCTOR BILLS

Recommends Pe-ru-na for Catarrh of the Stomach, Colds and Grip

"I have used Pe-ru-na for several years and can heartily recommend it for catarrh of the stomach and entire system. I have not been free from it for colds and grip. It stands off lots of doctor bills and makes one feel like a new person."

F. D. No. 3, Box 11, Waynesburg, Kentucky.
It is wise to keep a bottle of Pe-ru-na in the house for emergencies. Coughs and colds may usually be relieved by a few doses of Pe-ru-na taken in time. Nasal catarrh, indigestion, constipation, diarrhoea, rheumatism or other troubles due to a catarrhal condition of the mucous membranes all call for Pe-ru-na as the successful treatment. The health building, strength restoring qualities of this well known remedy are especially marked after a protracted sickness, the grip or Spanish Flu.

PE-RU-NA is justly proud of its record of fifty years as health protector for the whole family.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Louisa case:

K. F. Vinson, Prop. of boarding house Water St., gave the following statement December 4, 1918: "Whenever I have a spell of kidney trouble or rheumatic complaint, I get a box of Doan's Kidney Pills at the Louisa Drug Store Co. and just a few fix me up in fine shape. My back gets lame when I overlift and I am subject to this rheumatic trouble after taking cold. This generally strikes me in the limbs from my hips down, acting like sciatica. The kidney secretions are then too free in passage, bothering me at night. This breaks my rest. All of the symptoms disappear, however, after I use Doan's Kidney Pills and I feel like a different person—strong and active."

On December 3, 1920, Mr. Vinson said: "I have just as much confidence in Doan's Kidney Pills today as when I gave my former statement. Since then I have used them a few times and they have always helped me." 50c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Ex-Kaiser William's wife died a few days ago in Holland.

Men who give their time and energy free and freely to public improvements usually get credit for it after death, but very seldom before. They find many people ready to put obstacles in the way of every such undertaking.

England is struggling to settle a strike that has been called. It started with the action of coal miners, who came out several days ago, and all railroad men, and other labor organizations are joining in the strike. It promises to be the most serious struggle ever known in England.

Congress assembled Monday in special session. President Harding in his message settled one question that had existed in the minds of the people. He declared for rejection of the League of Nations. The Johnson and Birch element of extremists are much elated over this feature, and those Republicans who have contended that the President was favorable to the League with reservations are considerably disappointed.

CHURCH NEWS AND OTHER MATTERS OF RELIGIOUS NATURE

Bishop Darlington at Paintsville. The baccalaureate sermon of Jno. C. Mayo College commencement will be preached by Bishop Darlington. We do not know the exact date. Preachers from most all the churches in the Ashland district will probably be present.

Self Examination for Fathers and Mothers.

1. Are all my children enrolled in our Sunday School?
2. Do I realize that the Sunday School is at present a necessary link in the education of my children, supplied by no other agency?
3. Do I appreciate the difficulties under which the Sunday School does its work, namely: Voluntary attendance and voluntary instruction?
4. Have I given the Sunday School credit for what it has accomplished in the face of these difficulties?
5. Is my attitude toward our Sunday School such that my children, through me, respect the Sunday School?

FIRST BAPTIST CHURCH.

Last Sunday morning Dr. Anderson spoke on the Southern Baptist Convention's Seventy-Five Million Campaign, and there will be no doubt as to our church raising its pledges to this fund. In the evening our pastor delivered the third of his series of sermons to young men, on "The Dangers of Bad Company." His subject next Sunday evening will be, "Some Rules for the Formation of Right Associates." These sermons are being heard by a large number of the young men of the town. Everybody is most cordially invited. Owing to the fact that Dr. Anderson has been suffering from neuritis of the arms, the ordinance of baptism was deferred until next Sunday night.

The members of the church are especially urged to be present at the service next Sunday morning, as the pastor has a special message for them. The text of his sermon will be I Cor. 13th chapter, and verses one to three. Subject, "The True Meaning of Love."

Harbin-Watson at Pikeville. Rev. Harbin and his singer, Mr. Watson, are expected to pass through Louisa Saturday evening of this week on their way to Pikeville, where they will begin a series of revival services on Sunday, the 17th. It is expected that a number of Louisa people will be out to see them. They have just closed a very successful meeting at Beaumont, Texas.

We observe that this church has a silent member and while silent it is a valuable one financially, being the only member that turns over to the church all the income it receives. This member is the birthday jug.

It is pleasing to note that on last Sunday 21 members of the choir were present. If the number and interest increases more room will be needed to accommodate them.

The three minute speakers last Sunday were Miss Clara Bromley, M. F. Conley and Mrs. Mary Horton, and Mrs. R. L. Vinson at prayer meeting on Wednesday night.

Those of the congregation who missed last Sunday's sermon lost an opportunity of hearing two excellent sermons. They were fraught with gospel truth and should be productive of much good. COMMITTEE.

A Fine Showing of Millinery for Dress Wear

—Delightful Models to Add the Last Lovely Touch to Summer Costumes

This collection of dress hats represents one of the most charming we have prepared for Spring and Summer. They have been brought forth late enough to be influenced by the newer Fashion edicts—and are absolutely the last word in authentic millinery.

Materials Are Effectively Combined

Tulle with dainty laces, and China piping with white georgette are two combinations destined to unusual prominence, while horsehair, striped bangkok, hand-crocheted visca and some of the finer straws are used extensively. The shapes range from medium to large and are trimmed with crocheted chenille, fancy flowers, laces, glossy ribbons, fruit, ostrich and lacquered ornaments. Color combinations are both clever and beautiful.

Prices range from \$7.50 to \$35.

HOME CIRCLE COLUMN

A COLUMN DEDICATED TO TIRED
MOTHERS AS THEY JOIN THE
HOME CIRCLE AT EVEN-
ING TIDE.

Success in life does not come by having your own way every time. Yielding a little here and there smooths many a rough place. In domestic life, one finds the most perfect home where there is mutual forbearance, and in business the most successful merchant is the one who does not seek to gain every cent for himself.

One of our lady subscribers who says she enjoys this department of our paper, hands us the following recipe for making good husbands, which she has tested and it worked like a charm.

First. Be a good wife; in so doing you will have a good influence over hubby.

Second. Treat him to kind words, kisses and good dinners. Prepare the dishes he likes best, if your means will allow.

Third. Keep his room in order no matter how often he scatters things around; put hat and boots where he will always know where to find them.

Fourth. Never scold; no matter how wet the wood or how much the stove smokes; tell him you like it that way; smile and go on.

Fifth. Make him believe he is all the world to you, as, indeed, he should be. Laugh at his jokes, no matter how stale.

And last but not least, keep all his buttons sewed on and all in their proper places, and all his socks well darned. Then, if you do not have a good husband, we will say that you must have remarkably poor material to work on.

All sensible people who have the means and opportunity, recuperate themselves by frequent pauses for recreation. They do not defer this period of pleasure until the closing months of worn out life. They are too wise to expect impossibilities of nature—the recuperation of an utterly exhausted body. They are grateful to heaven that they possess the means which is wisely used to prolong a useful existence.

If a woman would be healthy she must have some healthy object to live for; and what more worthy object for a wife than to look well to the ways of her household, and find health and cheerfulness in helping her husband in a mutual interest to say by something for the years to follow when feeble hands and tottering limbs forbid profitable employment. Such a course pursued by men and women would prevent the great demand for almshouses, homes, and charities of all sorts. "The righteous are not forsaken nor his seed found begging bread."

Of all the holidays of the year, Christmas and Easter stand more prominently on the page of history than any others. Throughout all the initiations and vicissitudes that have entered into the world's history during

the past two thousand years, the two festivals that commemorate respectively the birth and the resurrection of the Man of Nazareth still shine with a luster that remains undimmed after a lapse of twenty centuries.

One meets few unworried people. Most faces bare lines of care. Men and women go anxious to their days work and rush through the hours with feverish speed, and at night have hot brains and tumultuous pulses to disturb refreshing sleep. This is not only most unsatisfactory, but it is also a most costly mode of living. Worry exhausts vitality. True, all good in life costs. Virtue goes out of us in everything we do that is worth doing. But for normal, healthful action, nature provides. There is recuperative energy enough to destroy the waste. The fountains are filled as fast as they are drained. The fiber is renewed as fast as it is worn away. Worry, however, is abnormal and unhealthy. It exhausts vitality more rapidly than nature can reinforce it. It is like friction in machinery and grinds away the fiber of life. Worry, therefore, both impedes progress and makes work unduly costly and exhaustive. One neither accomplishes so much nor does it so well while the outlay of vitality is greater. To live nobly, energetically up to one's best, and yet without worry is one of the highest attainments possible. It is the life whose vision of beauty is pictured as the perfect peace; hence the ideal theory of life is—Work without Worry.

Or do you prefer to live as comfortably as possible, choosing rather to have a home a sacred and beloved spot to husband and children, and hold their love above even the sacred duty of chasing microbes?

Father was giving the fair young daughter a lecture about her beau. He exclaimed, "Does he know who pays the light bills? Doesn't he know enough to go home at the right time?"

The daughter replied, "Yes, he knows enough to go, but he was sick last night."

With that father started in again. "Don't tell me that a big husky fellow like him was sick. What on earth was the matter with him?"

As the fair young daughter started for the door she sang back, "He has heart trouble."

"Henry," said Mrs. Dubwaite, "a ragged tramp came to the house this morning who could quote Shakespeare."

"And you gave him something to eat?"

"Yes."

"That's right. He may have been a Ago-Herald."

CAMP ZACHARY TAYLOR

AT ABSOLUTE AUCTION

Beginning Monday, April 25, 1921, at 10 a. m.

And continuing day by day until all land, buildings and equipment have been sold. The properties to be disposed of at this sale, represent an outlay on the part of the Government of

Ten Millions of Dollars

All of which will be sold, in units, to suit purchasers at
The Greatest Auction Sale in History

Sectional view of one of the areas at Camp Zachary Taylor showing character of buildings to be sold.

This Army Camp comprises 2,000 acres of valuable land, adjoining the city of Louisville, together with 2,000 buildings of various sizes, and a vast amount of equipment, such as boilers, plumbers' supplies, stoves, hot water heaters, radiators, electrical equipment, motors, heating and refrigerating plants, etc.

THE BUILDING PROBLEM

For years building has been at a practical standstill. The high cost of material, especially lumber, and the scarcity of labor have compelled a stoppage in the erection of homes, storehouses, barns, etc. That time has now passed. Workmen have been released by the hundreds of thousands and Camp Zachary Taylor will release lumber and equipment. 68,000,000 feet of yellow pine will be disposed of at this sale and at such prices as bidders see fit to

pay. Come to this greatest of bargain sales and buy what you want at your own figures. Join with your neighbors in making up car lots to save freight rates. A vast number of cedar, white oak, chestnut and creosoted fence posts, water troughs and grain bins will interest every farmer. There are miles of woven wire hog-tight fencing. Two grain elevators, completely equipped with motors, conveyors and chutes.

OUR GUARANTEE

This is an absolute sale. You win or you lose on April 25th. We sell no one privately, but do an exclusive auction business. No set price, no reservation, no by-bidding, no private sale. This has been our motto for the twelve years we have been in business, during which time we have operated from the Great Lakes to the Gulf, and have never failed or refused to sell a single piece of land, or property of any kind, after it was placed under the hammer. You make the price. The Government makes the deed. That's all

by such carelessness or neglect. An examination by our expert oculist, who is also a registered physician, will often reveal such disorders and make possible their correction before too late. Don't wait. See us at once.

Some FACTS About

Ford
THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

	Produced	Retail Customers Delivered to
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.
